Commercial Proposal -Cooperate

We offer one of our products - Stand for iPhone <Docky>

This stand has 2 slots (8 and 10mm) for installing the phone in a protective case and without a cover. The stand is equipped with a special anti-slip base for good adhesion to the surface. The phone has 2 tilt angles and supports all iPhone 4/5/6/7 models

<Docky> is made of a single piece of wood and is coated with eco lacquer to increase the service life. The stand is very stable and supports smartphones and mini tablets in two horizontal and two vertical positions. Watch the information, read books, watch movies and TV shows, eat and drink coffee with free hands, have high-quality video communication ... this is the principle of this booth.

Our company produces various devices for phones, tablets and laptops from 2013. We have established production, strengthened the quality and almost all of our range, has a proprietary packaging and a guarantee for the product.

We can demonstrate the functionality and quality of products, after which to discuss,

further cooperation.

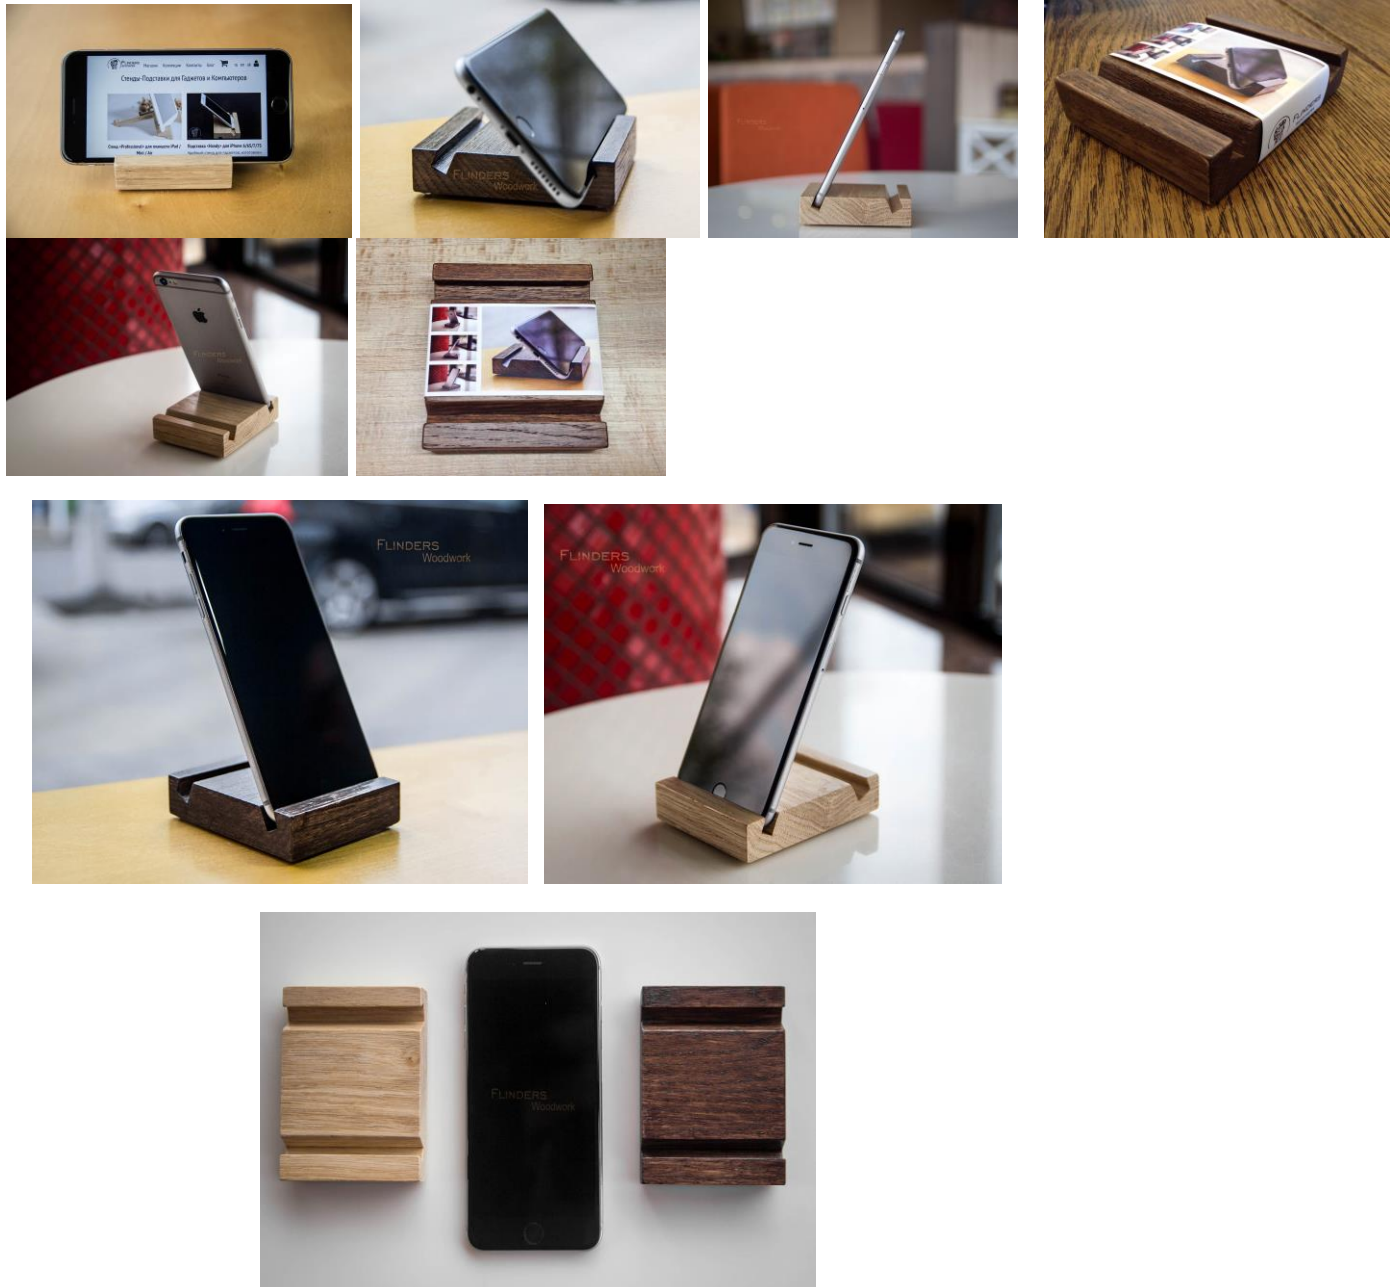

Buy this model, we can on our official website in the section store.

We offer the purchase of our goods, at wholesale prices.

Wholesale price <Docky> \$4.9/piece at the current dollar exchange rate.

The minimum order is from 10 pcs.

The price of your resources is set by you personally.
